- 5.1 Remuneration is structured to align with the Company's interests, taking into account the Company's strategies and risks.
- 5.2 Drive Performance - Executive compensation is linked to individual and Company performance, which, in turn, impacts the quantum of variable pay. Individual performance is assessed at regular intervals, as defined by the Company's appraisal process / policy. All such assessment is executed through a transparent and objective process of setting Key Results Areas (KRAs) and other assessment parameters and an evaluation of the individual's performance against such KRAs and such other parameters, as defined from time to time.
- 5.3 External Equity - Executive compensation is designed to be competitive within the hospitality industry or general industry for applicable roles.

6. Remuneration Guidelines:

- 6.1 The remuneration paid by the Company is classified under the following major heads:
 - 6.1.1 Fixed Cost: This includes base salary, other allowances, perquisites and retrials.
 - 6.1.2 Variable Cost: This includes variable pay linked to Company and individual performance. Variable pay for senior executives constitutes a significant portion of their total remuneration.
 - 6.1.3 The sum total of the Fixed Cost and Variable Cost is referred to as Cost to Company (CTC) for an individual executive.

- 6.2** The Cost to Company being offered to a new hire for a replacement position or new position with reference to the scope of this policy is governed by the remuneration philosophy as mentioned above. The endeavour is to ensure internal equity in compensation is maintained, while at the same time ensuring that the compensation is competitive enough to attract a new hire.
- 6.3** Remuneration is annually reviewed for all the executives who are eligible for compensation review in accordance with the policies of the organisation.

7. Note:
